## **REPORT ON NATIONAL LEVEL RIDDLE COMPETITION**

### **INCUBATION CELL**

**Date & Time of Activity** : 6<sup>th</sup> November 2024

**Venue** : Online

**Activity Organized for** : UG, PG & School Students

**Target Audience** : Students from different Institutions

**Activity Coordinator** : Dr. Soniya K

**No of Participants** : 30

#### **Objective of the Activity**

The National Level Riddle Competition, organized by the Incubation Cell of St. Francis College, was designed with the primary objective of fostering intellectual growth among participants. The competition aimed to enhance critical thinking by challenging individuals to think beyond conventional patterns and explore creative solutions. It also sought to boost problem-solving skills by encouraging participants to tackle complex and thought-provoking riddles that tested their analytical abilities. Additionally, the event was intended to stimulate curiosity and exploration, motivating participants to approach challenges with a curious mind and a desire to learn, ultimately cultivating a more inquisitive and innovative mindset.

#### **Brief Summary**

The National Level Riddle Competition, hosted by the Incubation Cell of St. Francis College, was held on Wednesday, 6th November 2024, at 6 PM. The competition saw enthusiastic participation from students across Karnataka and Tamil Nadu, who registered online for the event. The primary goal of the competition was to challenge the critical thinking and problem-solving abilities of the participants.

Students were given a total of one hour to tackle a series of thought-provoking riddles designed to stimulate creativity and analytical skills. After the allotted time, the riddles were carefully evaluated by a panel of experts to determine the accuracy and approach of the responses. As a token of appreciation for their participation and effort, all participants were awarded e-certificates. The competition not only encouraged intellectual engagement but also fostered a spirit of curiosity and exploration among the participants.

### **Learning Outcome**

The National Level Riddle Competition provided participants with valuable learning outcomes. Through engaging with challenging riddles, participants enhanced their ability to analyze and break down complex problems into manageable parts, honing their critical thinking and reasoning skills. The competition associated problem-solving with fun, fostering a positive attitude toward tackling challenges, which can spark a lifelong interest in puzzles and riddles. Additionally, the event stimulated interest in language, logic, and reasoning, as participants were exposed to riddles that required them to think creatively and explore different approaches to arrive at solutions.
