- **Was the activity conducted?** YES / NO                      **YES**
- **Students attended:** 61 out of 78
- **Objectives of the activity:** Brain Teasers are a great way to make learning fun and exciting in the classroom. Brain Teasers are defined as puzzles or problems, typically designed for learning and amusement. Here we will be looking at ways that Brain Teasers can be used as a strategy to improve learning and student engagement in the classroom.
- **How was the activity executed?** The activity was executed via online Zoom meetings at 2.00 pm and the communications regarding the same were made in advance to the students. The students joined the session and the activity was started under the guidance of the event in charge.
- **Level of achievement:** Satisfactory / Not Satisfactory                      **Satisfactory**
- **Activities Conducted:** Riddles
- **Key Highlights:** Brain Teasers can be given as in between activities to provide students with a short “active time.” Using Brain Teasers, students were built curiosity and interest in the classroom, as well as it stimulated the development of various cognitive learning skills. Used these strategies to facilitate active participation and learning in the classroom.
- **Recommendations (if any):** Have to conduct brain teasers regularly to students. Conducting brain teasers regularly are able to respond to questions more quickly and get higher scores on tests.
