Sports

Sporting events are a top priority at St. Francis, and the college has dedicated teams for a variety of events that compete in inter- and intra-college competitions.

Under the sports quota, the institution will place a high priority on enrolling students who have excelled in sports. Scholarships under sports quota are also offered.

Industrial Visits

The classroom teaching-learning process becomes meaningful and effective only when students have an interface to understand how the industry works. St. Francis College believes that learning is more effective when it is supplemented with programmes that focus on and go beyond the syllabus and curriculum. Industrial visits are an effective way for students to learn about the nature of corporate and industrial practices. Industrial visits are organized for all classes in the academic year by their class mentors.

Clubs and Committees

Keeping quality and efficiency as the primary goals of our activities, the college activities have been disseminated at various levels of operation. Several cells, committees, and clubs have been formed and have been in operation for several years. Each of these cells, committees, and clubs, with stated objectives strives to deliver a fuller learning experience.
