Answer the following question. This Question carries Twelve marks. (1×12=12)

12. Bank Plus India, a private sector bank, launched its digital platform Neo in 2018 to stay ahead in a fast- changing banking landscape. It offered AI chatbots, instant loans, biometric login, and UPI integration. The bank also focused on financial inclusion through digital literacy camps in rural areas and launched paperless Green Branches in cities. BankPlus adopted blockchain in trade finance and collaborated with fintechs via open banking APIs.

In 4 years, BankPlus saw:

- * 55% of new customers via app
- * 37% cost reduction
- * 22% rise in rural customers
- * Improved fraud control via RegTech

Questions:

- a) What factors drove BankPlus India's digital transformation? (5)
 - b) How did the bank promote financial inclusion using digital tools? (4)
 - c) What are the risks and benefits of using new tech like blockchain in banking? (3)
-
