SECTION - D

Answer the following question. This question carries Twelve marks. (1×12=12)

12. In 2024, Alpha, a value-fashion retail brand launched a hyperlocal digital marketing campaign targeting college students in Tier-2 cities. The brand used Instagram Reels, local influencers, and geotargeted ads to promote its latest affordable fashion line. Alpha partnered with micro-influencers who styled their outfits under Rs.999 and posted short video reviews. The campaign emphasized affordability, trendiness, and accessibility, leading to a 35% increase in footfall and a 25% rise in online engagement in the target regions within two months. The success highlighted the power of influencer marketing combined with location-based digital strategies.

Questions:

- a) What digital marketing strategies did Alpha in the campaign?
- b) How did influencer marketing contribute to the success of the campaign?
- c) Suggest one additional digital marketing tool Alpha could use and justify your answer.
