SECTION - C

12. Compulsory case study :

(1×15=15)

Ola cabs - a prominent figure in India's ride - sharing landscape has successfully countered the intense competition from global giants like Uber by prioritizing local preferences and needs. Ola grappled with fierce rivalry, regulatory obstacles, and the imperative to uphold service quality while expanding operations across India's diverse urban environments. Ola's innovative and localized strategies induce customized services to meet local demands in various cities, introducing modes like auto - rickshaws and bikes alongside traditional cabs. The company adopted dynamic pricing models to balance demand during peak times and rolled out frequent promotions to maintain customer loyalty. Ola enhanced the riding experience by including advanced navigation and safety features, improving both driver and passenger satisfaction, allowing it to sustain a strong growth trajectory amidst extreme competition.

In 2024-25, Ola Cabs now Ola consumer focused on expanding beyond ride - hailing with initiatives like Ola Share, Ola pay, and a push into electric vehicles. They also shifted to their own cloud platform and mapping system. Ola Electric, a sister company, launched electric motorcycles and expanded its scooter line - up, aiming for a wider market share in the EV space.

Questions :

(3×5=15)

- a) What are the challenges Ola faced?
- b) Discuss the strategies followed by Ola to overcome the challenges?
- c) What are the businesses outcomes of Ola?

SECTION - B
